Before Installation

Configuration Requirements

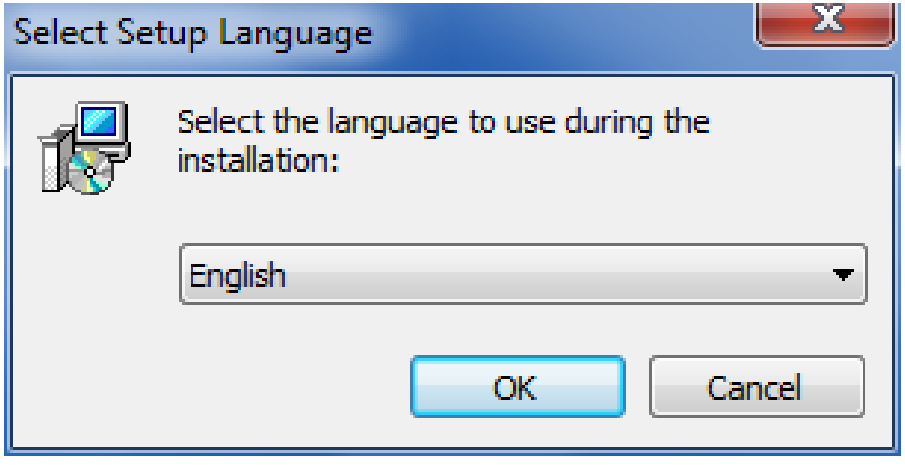
- ➞ CPU: Master frequency of 2.0G or above.
- ➞ Memory: 4G or above.
- ➞ Hardware: Available space of 10G or above. We recommend using NTFS hard disk partition as the software installation directory.
- ➞ Monitor Resolution: 1024*768 px or above.

Opearating System

- ➞ Supported Operating Systems: WindowsXP/Windows7/Windows8/Windows8.1/Windows Server 2008(32/64)
- ➞ Supported Databases: PostgreSQL
- ➞ Recommended browser version: Internet Explorer11+/Firefox27+/Chrome33+

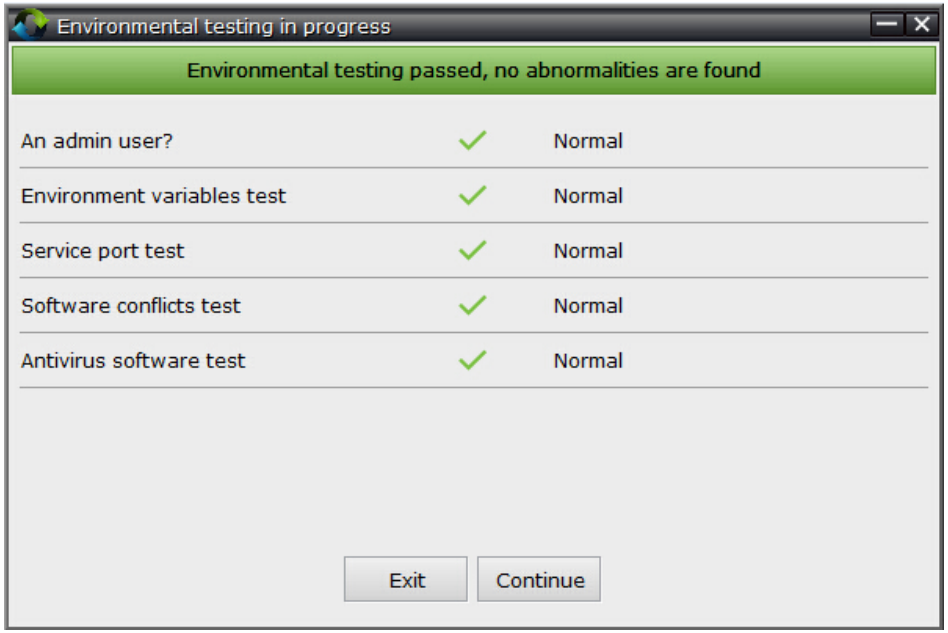
Installation Steps

1. Right click the Setup.exe in the installation package， select Run As Administrator：



Note: System supports simplified Chinese, English and Spanish. Click the drop-down box to choose suitable language and click 【OK】.

2. Environment Testing:

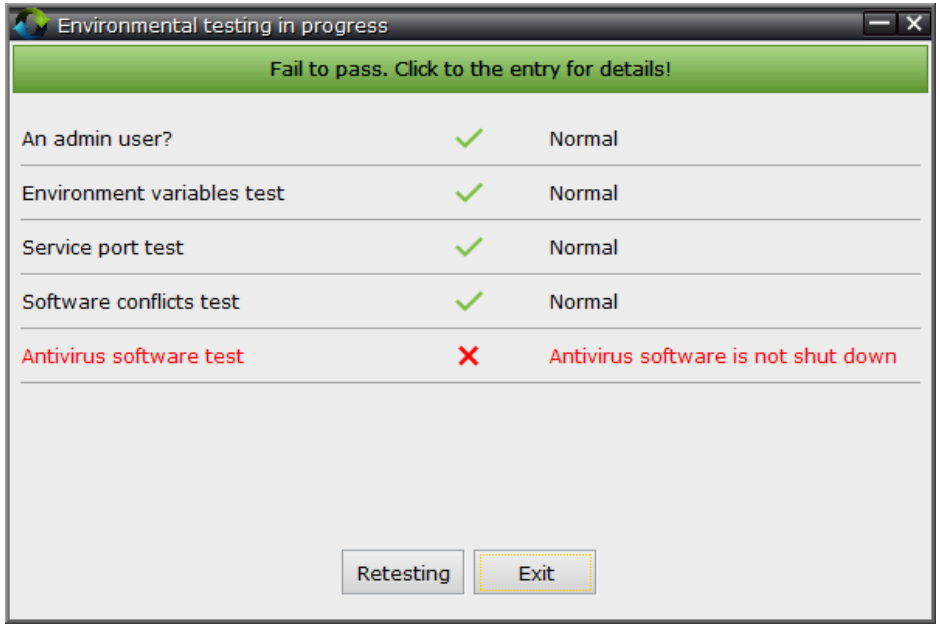


Note:

- ➞ Before installing, please disable antivirus software in the system.
- ➞ If the % SystemRoot % \ system32 does not exists in the environment variable path, please add.
- ➞ When ports occupied, please make modifications.
- ➞ If detected the machine has been installed the same type of low version of software, it

will prompt that the original software related services will stop if cotinune installing. After Continuing installing the software, the system will automatically migrated to a new database from the original software database. Currently only support ZKAccess5.2 data migration.

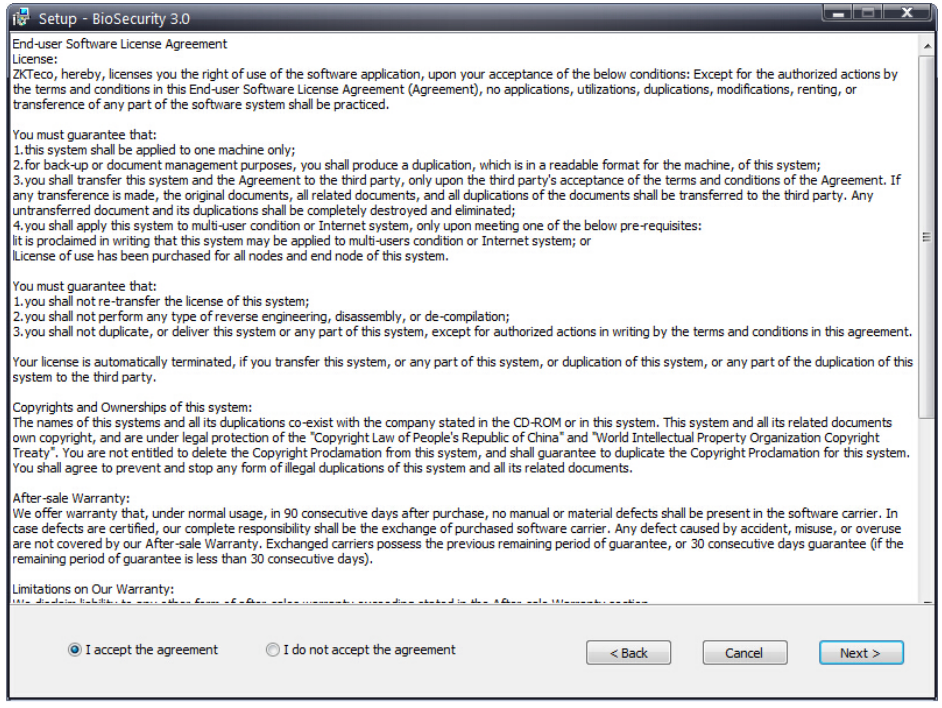
→ If there is anomaly detection, the interface will give corresponding tip:



Click the error area, related explaination will pop-up.

3. There is no anormaly detection, click【Continue】:

4. Click 【Next】:



Setup - BioSecurity 3.0
End-user Software License Agreement
License:
ZKTeco, hereby, licenses you the right of use of the software application, upon your acceptance of the below conditions: Except for the authorized actions by the terms and conditions in this End-user Software License Agreement (Agreement), no applications, utilizations, duplications, modifications, renting, or transference of any part of the software system shall be practiced.
You must guarantee that:
1. this system shall be applied to one machine only;
2. for back-up or document management purposes, you shall produce a duplication, which is in a readable format for the machine, of this system;
3. you shall transfer this system and the Agreement to the third party, only upon the third party's acceptance of the terms and conditions of the Agreement. If any transference is made, the original documents, all related documents, and all duplications of the documents shall be transferred to the third party. Any untransferred document and its duplications shall be completely destroyed and eliminated;
4. you shall apply this system to multi-user condition or Internet system, only upon meeting one of the below pre-requisites:
lit is proclaimed in writing that this system may be applied to multi-users condition or Internet system; or
lLicense of use has been purchased for all nodes and end node of this system.
You must guarantee that:
1. you shall not re-transfer the license of this system;
2. you shall not perform any type of reverse engineering, disassembly, or de-compilation;
3. you shall not duplicate, or deliver this system or any part of this system, except for authorized actions in writing by the terms and conditions in this agreement.
Your license is automatically terminated, if you transfer this system, or any part of this system, or duplication of this system, or any part of the duplication of this system to the third party.
Copyrights and Ownerships of this system:
The names of this systems and all its duplications co-exist with the company stated in the CD-ROM or in this system. This system and all its related documents own copyright, and are under legal protection of the "Copyright Law of People's Republic of China" and "World Intellectual Property Organization Copyright Treaty". You are not entitled to delete the Copyright Proclamation from this system, and shall guarantee to duplicate the Copyright Proclamation for this system. You shall agree to prevent and stop any form of illegal duplications of this system and all its related documents.
After-sale Warranty:
We offer warranty that, under normal usage, in 90 consecutive days after purchase, no manual or material defects shall be present in the software carrier. In case defects are certified, our complete responsibility shall be the exchange of purchased software carrier. Any defect caused by accident, misuse, or overuse are not covered by our After-sale Warranty. Exchanged carriers possess the previous remaining period of guarantee, or 30 consecutive days guarantee (if the remaining period of guarantee is less than 30 consecutive days).
Limitations on Our Warranty:
I accept the agreement
I do not accept the agreement

5. Select I accept the agreement, click【Next】, setup sever port:

Note： Server port is 8088 by default.If the port is occupied, please modify but avoid occupied port. It can't be same with database port 5432 and redis port 6380.

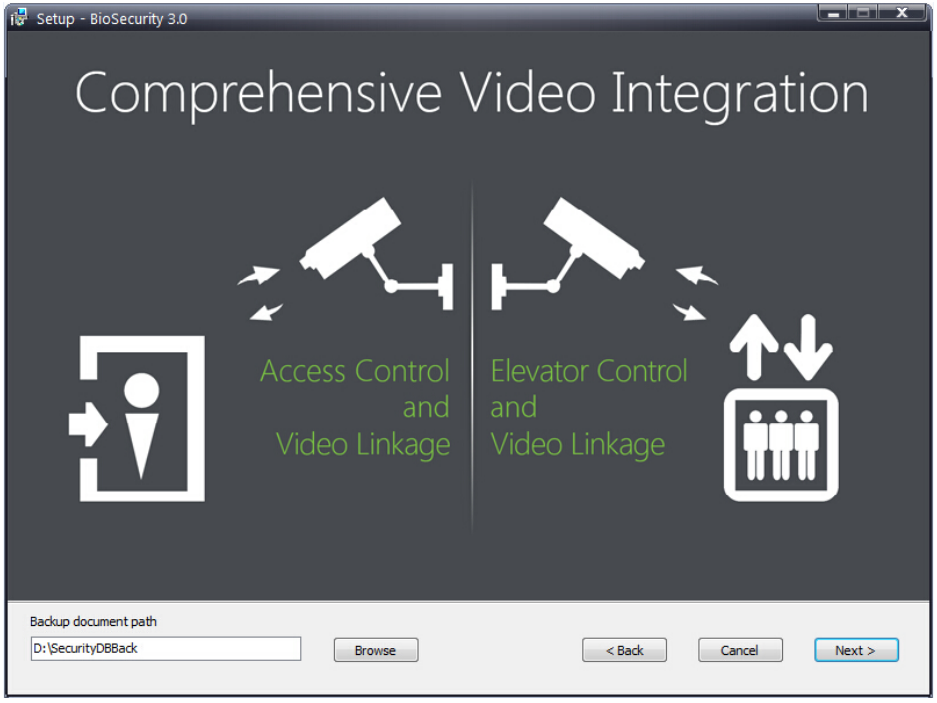
Check Exception for adding firewall box to avoid preventing the program running.

Note:To use SSL function, please select the HTTPS port. It is 8448 by default.

6. Click【Next】to select installation path:

Note: You can custom the installation path. The software requires at least 584.2 M space, please ensure the installation path you selected has enough space.

7. Click【Next】to setup backup document path:



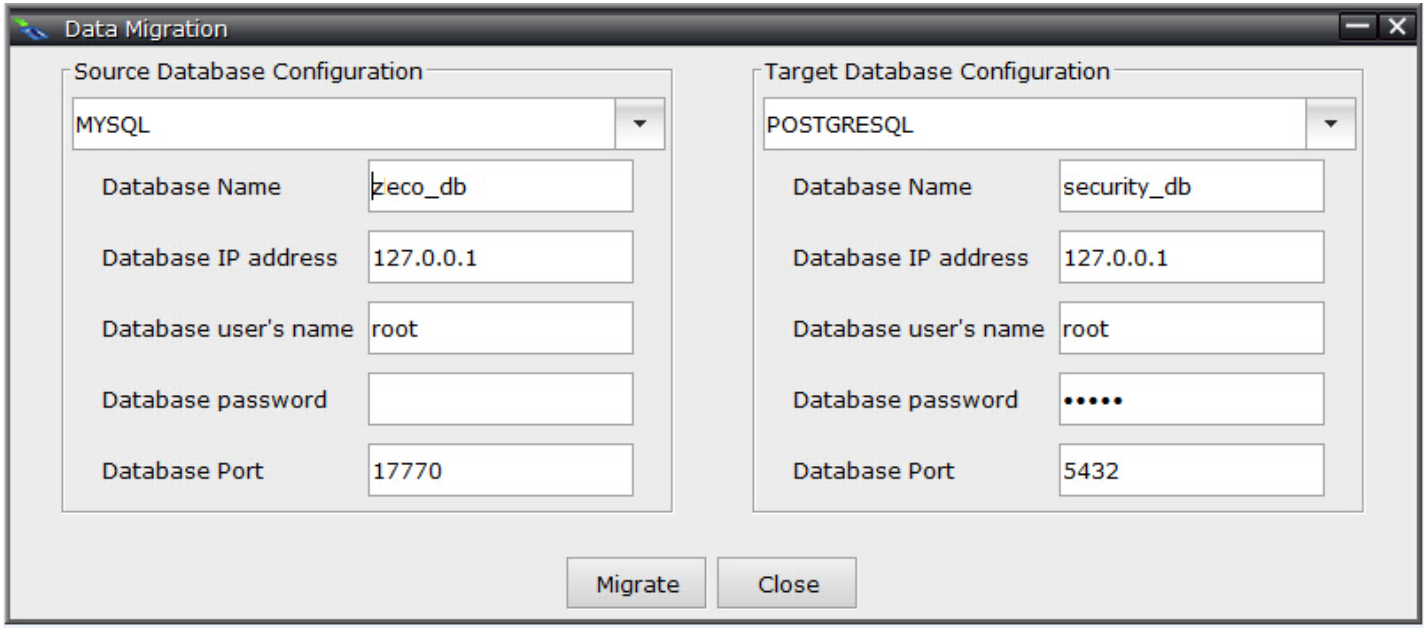
Note: System scan to position to the largest available drive space and new a folder named securitydbbak. You can also custom the path.

8. Click【Next】:

Note: Click【Cancel】to quit the installation, click【Back】 to reset the settings.

9. Click【Install】:

Note: If the system has been installed ZKAccess5.2 or 5.3, the data migration will be carried out. In the migration, the system will read ZKAccess5.2 or 5.3 database configuration file and the connection parameters. As shown in the figure below:



Click 【Migrate】. In the migration , the target database will be backup. Once the migration is failed, it restored.

10. The installation is done.
